

# WATERTIGHT CIRCUIT BREAKER PANEL

## 9952205 DC EIGHT BRANCH WATERTIGHT CIRCUIT BREAKER

### FEATURES & BENEFITS

- Waterproof CIRCUIT BREAKER Panel
- Corrosion Resistant Aluminum Panel Face
- Hermetically Sealed Breakers
- Rubber Boots for Secondary Protection
- Amber LED Indicators for Each Breaker
- Red LED Backlighting System

### Backlighting

Unique state of the art backlighting system utilizing Red LED's requiring minimal operating current.

### Indicator Lights

Amber LED's for DC functions.

### Circuit Breakers

All circuit breakers are hydraulic /magnetic, trip free, waterproof, UL recognized (UL-1077), and CSA certified. Rubber Boots provide a secondary panel seal.

### Bus Bars and Terminal Strips

Panel mounted, isolated positive, negative, and grounding buses are 1/2"X1/8" solid copper.

### Function Labels

Twenty interchangeable function labels are provided with each circuit breaker panel. A wide selection of over 2,000 additional labels is also available.

### Panel

Panels are 1/8" thick corrosion resistant aluminum with black polyurethane finish. (Mounting hardware included). Graphics are screen printed in gray and white.

### Dimensions

5 1/2" W x 8 1/4" H x 3 1/2" D

Paneltronics, Inc. is a company committed to total quality and continuous product research, development and improvement, therefore all information, specifications and prices are subject to change without notice.

### Voltage

12 VDC standard. Also available in 24 VDC and 32 VDC.

### Branch Circuits

Panels are pre loaded with (3) 5 Amp, (3) 10 AMP, (1) 15 Amp, and (1) 20 Amp Circuit Breakers. Additional breakers are available in 20, 25, 40 and 50 Amps. Panel may also be loaded with any breaker arrangement.

### Packaging

Panels are individually packed in corrugated boxes 12/case, or point of purchase clam pack 12/case. Add suffix "A" for Point of Purchase Clam Pack. Add suffix "B" for Box Packaging.
